

3614 Shukla Court, Walnut Creek, CA 94598, Ph: (650) 228-4766; Email: sudipsfsu@gmail.com

**CITIZENSHIP:** USA

**EDUCATION:**

Ph. D. (Economics), University of Illinois at Urbana-Champaign, USA, 1997  
MS (Economics), University of Illinois at Urbana-Champaign, USA  
MS (Statistics), University of Calcutta, India

**SUMMARY:**

*Technical Expertise*

Twenty years of experience in progressively responsible positions in the academia, including over one year in health policy research with the federal government as a Fellow and the second year as a Senior Adviser under the Intergovernmental Personnel Mobility Act (IPA) assignment. Managed and conducted extensive research portfolio involving evidence based, data intensive research for analyzing trend, projections, macroeconomic forecasting, economic valuation and cost-benefit analyses, regulatory impact analysis of public policies and programs leading to peer-reviewed research publications in high quality academic and policy journals. Over two decades of experience in evaluating research of other scholars involving complex statistical methodologies and in guiding student research on domestic public policies, their cost effectiveness and potential economic impacts in the areas of health, environment, trade, housing, labor, transportation, education, many of them leading to peer-reviewed publications in top-rated economics journals. Provided paid service as statistical/economic consultant outside academia, including governments. Invited to serve on the panel review committees to evaluate economic research project proposals at the state/federal governments.

*Administrative Experience*

Extensive experience as the administrative head of an academic (economics) department. Managed and mentored twenty faculty, staff, and student assistants for day-to-day administration of the department. Served on the department Chairs' Council for outreach activities and to lead the department in achieving its established goals. Collaborated with other agencies/institutions to bring about significant and innovative changes in the practice of scholarship in the higher education administration, including establishing two joint academic programs with foreign universities. Served as a member on numerous university-wide committees and working groups, including the academic senate, university budget committee, and professional development research councils; served on the committees for hiring senior administrators, volunteered to lead the university in assessing its economic impact on the local economy. Invited to speak on economic and health policy-related topics before domestic and international communities, including serving multiple times as keynote speaker.

## 1. EMPLOYMENT HISTORY

**San Francisco State University**  
**Department of Economics**

**08/2014 - Current**

PROFESSOR OF ECONOMICS

- **Research:** Conducting evidence based policy research in economics, applied econometrics, with specific focus on the analyzing trend, projections, regulatory impact analysis and cost-benefit analysis of public policies relating to healthcare and the environment.
- **Teaching:** Teaching graduate/undergraduate courses in economics, applied cost-benefit analysis of public policies, econometrics, and statistics.
- **Committee Services (external):** Invited to serve on the United States Department of Transportation's research review panel to review DOT's economic research proposals.
- **Consulting Services:** Serving as an expert witness representing Girardi and Keese related to economic value loss associated with poisoning in Lake Davis, Portola, California.

**Health Resources and Services Administration (HRSA)**  
**Department of Health and Human Services**

**08/2015 – 07/2017**

SENIOR ADVISER (on IPA assignment)

10/2016 – 07/2017

ORISE FELLOW

08/2015 – 09/2016

- Managing a large portfolio of evidence-based research agenda on health care workforce with specific focus on the economic impact and economic cost-benefit analyses of HRSA's programs. Research portfolio includes economic cost-benefit analyses of the National Health Services Corps (NHSC) program, program evaluation of the Nurse Corps program, rural training grants programs, cost effectiveness of the nurse practitioners' scope of practice laws and of the patient-centered medical home (PCMH) models in Federally Qualified Health Centers (FQHC), program administered by the National Practitioners Data Bank (NPDB).
- Completed five projects for peer-reviewed publications at economic or health policy-related journals.
- Completed two major Reports – one evaluating HRSA's Nurse Corps program and the other developing a macroeconomic, time-series forecasting model of malpractice queries pertaining to health care providers at the national level. The former project provides extensive recommendations for efficient management of HRSA's nationwide Nurse Corps Program, while the purpose of the latter project is to provide detailed and rigorous recommendations for an efficient pricing strategy for the query response program administered by the National Provider Data Bank (NPDB), respectively . The Reports are for use within the Agency.

PROFESSOR AND CHAIR; PROGRAM DIRECTOR OF INTERNATIONAL PROGRAMMING

- **General Management:** Management & administration of all aspects of the Economics Department, including curricular offering, new curriculum development, hiring and salary negotiation of faculty and staff, resolving faculty and student issues, managing the department budget, supervising department faculty, lecturers, staff, and student assistants, efficient allocation, control and use of resources, developing strategic plans, representing the department to the college, university, and the outside world.
- **Interdisciplinary Collaborations:** Initiated and Implemented collaborative, interdisciplinary programs with Department of Finance and Department of International Business. Led the College of Business in joining the university-wide move for a cluster hire in the area of “Big Data in Healthcare Research”.
- **International Collaborations:** Served as the Program Director of the international programs. Initiated and implemented new joint Masters’ program with two international universities. Met with foreign delegations as an expert in the area of international programming. Raised revenues for the department/college/university to the tune of half-a-million dollar through international programs. Initiated and formalized the joint international MA program to be offered through the College of Extended Learning (CEL) starting fall 2012.
- **Alumni Event:** Took leadership in organizing the first ever economics alumni event in 2009 to promote alumni relations and outreach activities.
- **Public-Private Partnerships:** Met with corporate executives in the Bay Area, as a representative of the College of Business to explore possibilities of public-private partnerships.
- **Economic Impact Assessment Report:** Volunteered to lead, organize, and manage a university-wide economic impact research project and writing an economic impact assessment report for the President of SFSU. The report was a rigorous statistical/actuarial/economic analysis for assessment of the financial/economic impact of SFSU operations.
- **Consulting Services:** Served as an independent statistical (paid) consultant for the San Francisco law firm Schubert, Jonckheer, & Kolbe LLP, [www.schubertlawfirm.com](http://www.schubertlawfirm.com). Provided economic consulting services to the State of New Hampshire, State of Iowa, and the State of California on projection of costs and benefits of tobacco control programs.
- **Committee Services (university-wide):** Served on the College of Business Chairs’ Council, and the University Budget Committee. Served on the hiring committees of (i) Vice President of Administration and Finance, (ii) Associate Vice President of Academic Affairs. Served as the external member of the Promotions Committee, Department of Urban Studies.
- **Research:** Conducted evidence-based research in economics, applied econometrics, with specific focus on trend analysis, projections, regulatory impact analysis and cost-benefit analysis of public policies and published in top-rated economics journals.
- **Teaching:** Taught graduate/undergraduate courses in economics, applied cost-benefit analysis of public policies, econometrics, and statistics.
- **Student mentoring:** Mentored and guided student research for successful publications in top-rated journals.

**San Francisco State University  
Department of Economics**

**08/2003 – 07/2008**

ASSOCIATE PROFESSOR

- **Research:** Conducted evidence-based research in economics, applied econometrics, with specific focus on trend analysis, projections, regulatory impact analysis and cost-benefit analysis of public policies and published in top-rated economics journals.
- **Teaching:** economics, applied cost-benefit analysis of public policies, econometrics, and statistics.
- **Member of Academic Senate:** Studied and evaluated existing policies on university-wide faculty recruitment, retention, tenure and promotion. Actively participated in framing and finalizing the new university-wide retention, tenure, and promotions policies. Engaged in issues relating to faculty professional development; professional ethics; consultative practices and policies concerning administrative appointments and selection of school/department chairs; affirmative action; and academic freedom. Actively involved in the discussions and suggestions regarding issues, such as academic calendar, academic restructuring, continuous enrollment policy, discontinuance of certain programs, graduate students achievement award procedures, lower division writing requirement, resolution on GE segment committees, upper division writing requirement, transfer students major declaration policy.
- **Committee Services (university-wide):** Actively participated in the university budget discussions presided by the President, SFSU. Served on the hiring committee of the Director of Health Equity Research. Served on the Dean of the College of Behavioral and Social Sciences Review Committee. Served on the university Professional Development Research Council. Served as a member of the Sabbatical Leave Committee for evaluating research proposals. External Member of the RTP Committee, Department of Geography. Member, BSS College Committee for Research, Scholarship, and Creative Activity.
- **Committee Services (external):** Participated in two inter-agency working groups engaged in developing health disparity research agenda with members from SFSU, UC-San Francisco, UC-Berkeley, and San Francisco Department of Public Health.

**San Francisco State University  
Department of Economics**

**08/1999 – 7/2003**

ASSISTANT PROFESSOR

- **Research:** Conducted evidence-based research in economics, applied econometrics, with specific focus analyzing trends, projections, regulatory impact analysis and cost-benefit analysis of public policies, and published in top-rated economics journals.
- **Teaching:** Taught courses in economics, applied cost-benefit analysis of public policies, econometrics, and statistics.
- **Consulting Service:** Offered service as a consultant to Northeast Midwest Institute on the project “An Economic Valuation of Contaminated Sediment Remediation in Waukegan Harbor” funded by the U. S. Environmental Protection Agency.
- **Committee Service (university-wide):** Served on the university Professional Development Research Council. Served on the faculty panel as an advisor of International Student Orientation Program. Served as a member of the Center for Educational Technology Advisory Board. Served as a volunteer of Teacher Scholar Summer Institute (TSSI).
- **Committee Service (external):** Served on the review panel as an external member to review a project proposal for City of Portland, Oregon Bureau of Planning.

Sudip Chattopadhyay

**University of California at Berkeley  
Department of Agricultural Economics**

**07/2002 – 12/2002**

VISITING SCHOLAR

- Conducted research in economics, applied econometrics, with specific focus on the regulatory impact analysis and cost-benefit analysis of public policies, and published in top-rated economics journals.

**Kansas State University  
Department of Economics**

**08/1998 – 7/1999**

VISITING ASSISTANT PROFESSOR

- **Research Publication:** Conducted research in economics, applied econometrics, with specific focus on analyzing trends, projections, regulatory impact analysis and cost-benefit analysis of public policies, and published in top-rated economics journals.
- **Teaching:** Taught courses in econometrics, statistics, microeconomics, applied microeconomics, environmental economics.

**Binghamton University  
Department of Economics**

**08/1997 – 7/1998**

VISITING ASSISTANT PROFESSOR

- **Research Publications:** Conducted research in economics, applied econometrics, with specific focus on analyzing trends, projections, regulatory impact analysis and cost-benefit analysis of public policies, and published in top-rated economics journals.
- **Teaching:** Taught courses in econometrics, statistics, microeconomics, applied microeconomics, environmental economics.

## 2. RESEARCH AND SCHOLARLY ACCOMPLISHMENTS

### Honors and Awards (Sponsored Research for Scholarship)

Fellow, Oak Ridge Institute for Science Education (ORISE), Funded by Department of Energy, Fellowship sponsored at Health Resources and Services Administration (HRSA), Rockville, MD, 2015-16.

Competitive Presidential Award for Sabbatical Leave, SFSU, 2014-15.

Competitive Presidential Award for Sabbatical Leave, SFSU, 2005-06.

Faculty Fellow in RIMI Health Disparity Research, SFSU, 2004-05.

Competitive Presidential Award for Professional Development of Probationary Faculty, SFSU, 2002-03.

Competitive Faculty Award for Research, Scholarship and Creative Activity, SFSU, 1999-2000, 2001-2002.

Competitive Faculty Development Award, SFSU, 1999-00, 2000-2001.

### Funded Project (Sponsored Research with Funding)

Senior Adviser; Intergovernmental Personnel Act (IPA) Mobility Program Assignment; National Center for Health Workforce Analysis (NCHWA), Health Resources and Services Administration (HRSA), Rockville, MD, 2016-17, \$183,000 per year.

"Economic Impact of San Francisco State University on the Bay Area: 2011-12." San Francisco State University, 2012-13, \$13,000.

"A Spatial Approach to Measuring the Environmental Determinants of Health: Exploring the Possibilities of Creating a Database for Health and Environmental Indicators for San Francisco." San Francisco State University Summer 2004, \$4,000.

"An Economic Valuation of Contaminated Sediment Remediation in Waukegan Harbor". U. S. Environmental Protection Agency/Northeast Midwest Institute (with John B. Braden and Alegra Cangelosi), 2002-03, \$200,000.

"Economic Valuation of the Great Lakes Environmental Benefits." National Oceanic and Atmospheric Administration/Northeast Midwest Institute (with J. B. Braden), October 1997, \$8,300.
